www.nanceschool.com

Phone: 1-877-626-2322

BASIC HVACR

EPA CERTIFICATION &
REFRIGERATION RECOVERY

ADVANCED HVACR

TROUBLESHOOTING HVACR &
UNDERSTANDING CHILLED WATER
SYSTEMS

BRAZING & BONDING LAB

NFPA 70E ARC FLASH CERTIFICATION

<u>Basic HVACR - 4 Day Class</u>	DESCRIPTION: Class is appropriate for electricians & mechanics who are going to maintain HVACR Systems, but who have limited experience or training in HVACR. Twenty-five percent (25%) of this class is "hands-on" experience in the laboratory.	COST: \$2,070.00 (LAB & STUDY MATERIAL INCLUDED)
<u>EPA Certification & Refrigeration Recovery - 1 Day Class</u>	DESCRIPTION: Class is designed for people who repair, maintain or install equipment that contains or will contain when charged, regulated refrigerants. The proper method of recovery & recycling of these refrigerants. Exam is administered online, and you must bring a laptop, tablet, iPad or internet capable device (other than a phone). If only 2 sections are passed, you will have the opportunity to re-test before leaving our facility. BRING COMPUTER OR SMART DEVICE FOR TEST	COST: \$405.00 (EXAM & STUDY MATERIAL INCLUDED) PREREQUISITE: Basic HVACR
<u>Advanced HVACR - 4 Day Class</u>	DESCRIPTION: Class is appropriate for those already involved in repair & maintenance of air conditioning & refrigeration equipment. Fifty percent (50%) of this class is "hands-on" experience in the laboratory.	COST: \$2,175.00 (LAB & STUDY MATERIAL INCLUDED) PREREQUISITE: Basic HVACR & EPA Section 608 License Required
<u>Brazing & Bonding - 2 Day Class</u>	DESCRIPTION: Class covers all major types of soldering techniques used commonly in the HVACR industry. Information includes a breakdown of brazing material types & usage, and practical applications. Twenty-five percent (25%) classroom & Seventy-five percent (75%) is "hands-on" experience in the laboratory. Flared fitting preparation & installation is covered as well as push & press lock fittings. Brazing & soldering various metals such as brass, steel, & aluminum.	COST: \$1,200.00 (LAB & TRAINING MATERIAL INCLUDED)
<u>Troubleshooting HVACR & Chilled Water Systems - 5 Day Class</u>	DESCRIPTION: Those attending this class should have prior on-the-job experience, as well as some technical training in HVACR. Seventy percent (70%) of this class is "hands-on" experience in the laboratory. This class will also include the basic knowledge of chilled water systems.	COST: \$2,445.00 (LAB & TRAINING MATERIAL INCLUDED)
<u>NFPA 70E - 1 Day Class</u>	DESCRIPTION: This class outlines essential requirements for safe work practices aimed at safeguarding personnel by minimizing exposure to significant electrical hazards such as shock, electrocution, arc flash, and arc blast.	COST: \$245.00 (STUDY MATERIAL & EXAM INCLUDED)
